QUALITY SYSTEM AUDIT CHECKLIST

VENDOR NAME:	ADDRESS:
Freedom Aero Service Inc.	3200 Howard St., McClellan, CA 95652
QA CONTACT PERSON:	TITLE:
Kevin Sherman	Chief Inspector
PHONE : 916-434-5194	EMAIL: kevins@freedomaeroservice.com

	SECTION A: General	YES	NO	N/A
1.	Does the vendor hold an FAA approved Air Agency Certificate and OpSpecs? (145.53/59/61) Please provide copies of certificates.	X		
2.	Does the vendor hold an EASA approved Certificate and Terms of Approval? Please provide copy of certificate.	X		
3.	Does the vendor hold other National Aviation Authorization Certificate and Terms of Approval? Please provide copy of certificate.		Х	
4.	Are the Certificates displayed on the premises and visible to the public? (145.5)	Χ		
5.	Does the vendor only perform work for which they are rated as indicated on their OpSpecs? (145.5/59/61/201/215) Please provide a copy of the OpSpecs.	Х		
6.	Has the vendor received any new ratings or had any ratings removed from their Certificate in the last year?		Х	
7.	Does the vendor operate any Satellite Repair Stations? (145.107)	Х		
	If yes, is the Satellite Repair Station operated in accordance with 14 CFR Part 145 §145.107? Please provide copy of satellite Air Agency Certificate.	X		

8. Does the vendor have an approved Antidrug and Alcohol Misuse Prevention Program? (14 CFR Part 120 and 49 CFR Part 40) **Please provide copy of cert., OpSpecs A449 or FAA Registration number.** **SECTION B: Housing and Facilities** 1. Does the vendor's facility incorporate enough workspace for the segregation and protection of articles during maintenance? (145.103) 2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility adequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 5. Does the vendor havic, and volatile materials properly identified and stored? (145.103) **SECTION C: Tools and Equipment* 1. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 3. Are tools calibrated to a standard that is traceable to the National Institute of Standards and Technology (NIST)? (145.109) 4. Are all tools that require calibration listed on the tool calibration inits? (145.109) 5. Are tools identified with the date of calibration and the calibration or due for calibration are removed from service? (145.109) 6. Does the vendor have a procedure to ensure tools that are out of calibration program have procedures for controlling personal tools? 8. Do calibration due date? (145.109) 7. Does the tool calibration program have procedures for controlling personal tools? 8. Do calibration due da		SECTION A: General (continued)	YES	NO	N/A
CFR Part 40) Please provide copy of cert., OpSpecs A449 or FAA Registration number. SECTION B: Housing and Facilities 1. Does the vendor's facility incorporate enough workspace for the segregation and protection of articles during maintenance? (145.103) 2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility adequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 6. Are flammable, toxic, and volatile materials properly identified and stored? (145.103) SECTION C: Tools and Equipment 1. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 4. Are all tools that require calibration listed on the tool calibration list? (145.109) 5. Are tools identified with the date of calibration and the calibration due date? (145.109) 6. Does the vendor have a procedure to ensure tools that are out of calibration records: Show date calibrated? Show calibration due date? Show calibration due date? Show calibration due date? Show calibration due date?	8.				
Please provide copy of cert., OpSpecs A449 or FAA Registration number. SECTION B: Housing and Facilities 1. Does the vendor's facility incorporate enough workspace for the segregation and protection of articles during maintenance? (145.103) 2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility adequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 5. Are flammable, toxic, and volatile materials properly identified and stored? (145.103) SECTION C: Tools and Equipment 1. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 4. Are all tools that require calibration listed on the tool calibration list? (145.109) 5. Are tools calibrated to a standard that is traceable to the National Institute of Standards and Technology (NIST)? (145.109) 6. Does the vendor have a procedure to ensure tools that are out of calibration or due date? (145.109) 7. Does the vendor have a procedure to ensure tools that are out of calibration or due for calibration are removed from service? (145.109) 7. Does the tool calibration program have procedures for controlling personal tools? 8. Do calibration records: 8. Show date calibrated? 1. Identify the individual or vendor that performed calibration? X Identify the individual or vendor that performed calibration?		, ·			
Registration number. SECTION B: Housing and Facilities 1. Does the vendor's facility incorporate enough workspace for the segregation and protection of articles during maintenance? (145.103) 2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility adequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 6. Are flammable, toxic, and volatile materials properly identified and stored? (145.103) SECTION C: Tools and Equipment 1. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 3. Are tools calibrated to a standard that is traceable to the National Institute of Standards and Technology (NIST)? (145.109) 4. Are all tools that require calibration listed on the tool calibration itst? (145.109) 5. Are tools identified with the date of calibration and the calibration due date? (145.109) 6. Does the vendor have a procedure to ensure tools that are out of calibration or due for calibration are removed from service? (145.109) 7. Does the tool calibration program have procedures for controlling personal tools? 8. Do calibration records: 8. Show date calibrated? 1. Identify the individual or vendor that performed calibration? X		1	X		
SECTION B: Housing and Facilities 1. Does the vendor's facility incorporate enough workspace for the segregation and protection of articles during maintenance? (145.103) 2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility adequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 6. Are flammable, toxic, and volatile materials properly identified and stored? (145.103) 7. SECTION C: Tools and Equipment 1. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 3. Are tools calibrated to a standard that is traceable to the National Institute of Standards and Technology (NIST)? (145.109) 4. Are all tools that require calibration listed on the tool calibration list? (145.109) 6. Are tools identified with the date of calibration and the calibration due date? (145.109) 6. Does the vendor have a procedure to ensure tools that are out of calibration or due for calibration are removed from service? (145.109) 7. Does the tool calibration program have procedures for controlling personal tools? 8. Do calibration records: 8. Do calibration due date? 9. X					
1. Does the vendor's facility incorporate enough workspace for the segregation and protection of articles during maintenance? (145.103) 2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility adequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 6. Are flammable, toxic, and volatile materials properly identified and stored? (145.103) 7. SECTION C: Tools and Equipment Yes No N/A 7. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 7. Does the vendor have a tool calibration program? (145.109) 7. Are tools calibrated to a standard that is traceable to the National Institute of Standards and Technology (NIST)? (145.109) 7. Are all tools that require calibration listed on the tool calibration due date? (145.109) 7. Are tools identified with the date of calibration and the calibration or due for calibration are removed from service? (145.109) 7. Does the vendor have a procedure to ensure tools that are out of calibration program have procedures for controlling personal tools? 8. Do calibration records: 9. Show date calibrated? 1. Identify the individual or vendor that performed calibration? 1. X			\/=o	NO	21/2
for the segregation and protection of articles during maintenance? (145.103) 2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility dequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 6. Are flammable, toxic, and volatile materials properly identified and stored? (145.103) SECTION C: Tools and Equipment 1. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 3. Are tools calibrated to a standard that is traceable to the National Institute of Standards and Technology (NIST)? (145.109) 4. Are all tools that require calibration listed on the tool calibration list? (145.109) 5. Are tools identified with the date of calibration and the calibration due date? (145.109) 6. Does the vendor have a procedure to ensure tools that are out of calibration or due for calibration are removed from service? (145.109) 7. Does the tool calibration program have procedures for controlling personal tools? 8. Do calibration due date? 1. Identify the individual or vendor that performed calibration? 2. X	4		YES	NO	N/A
maintenance? (145.103) 2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility adequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 6. Are flammable, toxic, and volatile materials properly identified and stored? (145.103) SECTION C: Tools and Equipment 1. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 3. Are tools calibrated to a standard that is traceable to the National Institute of Standards and Technology (NIST)? (145.109) 4. Are all tools that require calibration listed on the tool calibration list? (145.109) 5. Are tools identified with the date of calibration and the calibration due date? (145.109) 6. Does the vendor have a procedure to ensure tools that are out of calibration or due for calibration are removed from service? (145.109) 7. Does the tool calibration program have procedures for controlling personal tools? 8. Do calibration due date? 1. Identify the individual or vendor that performed calibration? 2. Show date calibration due date?	1.		Y		
2. Does the vendor have suitable racks, trays, stands and other safe means for the storage and protection of articles undergoing maintenance? (145.103) 3. Is the vendor's facility of adequate size to house all necessary tooling, equipment, material, and parts to perform the work? (145.103) 4. Is the vendor's facility adequate to segregate environmentally hazardous or sensitive operations so they do not adversely affect other maintenance or personnel? (145.103) 5. Does the vendor's facility have adequate lighting, ventilation, temperature control and other environmental controls to protect personnel and ensure quality workmanship? (145.103) 6. Are flammable, toxic, and volatile materials properly identified and stored? (145.103) SECTION C: Tools and Equipment 1. Does the vendor have the equipment, tools, and material necessary to perform the maintenance under its repair station certificate and OpSpecs in accordance with 14 CFR Part 43? (145.109) 2. Does the vendor have a tool calibration program? (145.109) 3. Are tools calibrated to a standard that is traceable to the National Institute of Standards and Technology (NIST)? (145.109) 4. Are all tools that require calibration listed on the tool calibration list? (145.109) 5. Are tools identified with the date of calibration and the calibration due date? (145.109) 6. Does the vendor have a procedure to ensure tools that are out of calibration or due for calibration are removed from service? (145.109) 7. 	SECTION C: Tools and Equipment (continued)	YES	NO	N/A
	Show the part number and serial number of the standard	Χ		
	used to perform the calibration?	1		
	SECTION D: Technical Data	YES	NO	N/A
	Note: Technical data includes A.D.s, maintenance			
	manuals, ICA, standard practice manuals, service bulletins,			
	repair specifications, and any other data acceptable to or			
	approved by the FAA.			
1.	Does the vendor have the required technical data to			
	perform maintenance in accordance with its repair station	X		
	certificate, OpSpecs, and customer's requirements?			
	(145.109/205/211)			
2.	Does the vendor have procedures to verify the current	Χ		
	revision level of technical data? (145.109/211)			
3.	Is the necessary technical data accessible to the personnel	Χ		
_	performing the work? (145.109)			
4.	Does the vendor have a system to control working copies	X		
	of technical data to ensure they are the most recent	^		
	revision? (145.109/211)	\/=0	110	21/2
	SECTION E: Personnel	YES	NO	N/A
1.	Does the vendor have a sufficient number of personnel with			
	the training or knowledge and experience to perform the	X		
	work in accordance with 14 CFR Part 43? (145.151)			
2.	Does the vendor have a sufficient number of supervisors to			
	direct and oversee the work performed by any individual			
	not yet familiar with the methods, techniques, practices,	X		
	aids, equipment, and tools used to perform the work?			
2	(145.153)			
3.	Are all supervisors appropriately certificated under 14 CFR	Χ		
4	Part 65? (145.153)			
4.	Are all inspectors thoroughly familiar with the applicable			
	FARs and the inspection methods, techniques, practices,			
	aids, equipment, and tools used to determine the	X		
	airworthiness of articles on which maintenance is being			
5.	performed? (145.155)			
Э.	Are all inspectors proficient in using the various types of inspection equipment and visual inspection aids	X		
		^		
6.	appropriate for the article being inspected? (145.155) Are the personnel authorized to approve articles for the			
0.	return to service appropriately certificated under 14 CFR	X		
	Part 65? (145.157)			
7.	Are all inspectors and personnel authorized to approve			
' .	articles for the return to service able to understand, read,	V		
	and write English? (145.155/157)	X		
8.	Does the vendor have a Personnel Roster and Employment			
0.	Summary for all managerial, supervisory, inspection, and			
	personnel authorized to sign a maintenance release?	X		
	(145.161)			
	(1 4 5. 10 1 <i>)</i>			1

	SECTION E: Personnel (continued)	Yes	NO	N/A
9.	Does the vendor determine the abilities of its			
	noncertificated personnel based on training, knowledge,	X		
	experience, or practical test?			
	SECTION F: Shelf Life Program	YES	NO	N/A
1.	Does the vendor have a documented shelf life program?	Χ		
2.	Does the program list parts and materials that have shelf	Χ		
	life limits?			
3.	Is the shelf life displayed on the part/material?	Χ		
4.	Is there a system to assure that no item will be issued or	Χ		
	used past its expiration date?	\/F0	NO	N1/A
	SECTION G: Contracted Maintenance	YES	NO	N/A
1.	Is a list of the maintenance functions to be performed for			
	the vendor under contract by another person maintained	Χ		
	and approved by the FAA before contracting the work?			
	(145.217) Do maintenance functions contracted to non-certificated			
2.				Χ
3.	persons comply with 14 CFR Part 145 §145.217? Does the vendor ensure that subcontractors quality control			
٥.	systems are equivalent to the vendor's QC system?	X		
	(145.217)	^		
4.	Does the vendor ensure that U.Sbased subcontractors			
٦.	have an FAA approved Antidrug and Alcohol Misuse	Χ		
	Prevention Program A449 or FAA program registration?	, ,		
5.	Does the vendor maintain a Vendors List of the facilities			
	approved by the vendor to perform maintenance functions?	Χ		
	(145.217)			
	SECTION H: Quality Control System	YES	NO	N/A
1.	Does the vendor have an FAA-accepted Quality Control	Χ		
	System? (145.211)	, ,		
2.	Is the current Quality Control Manual available to the	Χ		
	relevant personnel.? (145.211)			
3.	Does the vendor ensure that personnel follow the quality	Χ		
	control system when performing maintenance? (145.211)			
4.	Doe the vendor have any other quality certifications,		X	
	ISO9000/9001, etc.?			
	If yes, please list:			
5.	If yes, please list: Does the vendor have an established receiving inspection	X
